

Cookham Dean CE Primary School

Supporting Pupils with Medical Conditions

Policy

Cookham Dean CE Primary School wishes to ensure that pupils with medical conditions receive appropriate care and support at school. All pupils have an entitlement to a full time curriculum or as much as their medical condition allows. This policy has been developed in line with the Department for Education's statutory guidance released in April 2014 – "Supporting pupils at school with medical conditions" under a statutory duty from section 100 of the Children and Families Act 2014. The statutory duty came into force on 1st September 2014

The school will have regard to the statutory guidance issued. We will take account of it; carefully consider it and will make all efforts to comply.

Ofsted places a clear emphasis on meeting the needs of pupils with SEN and Disabilities, also including those pupils with medical conditions.

1) Key roles and responsibilities

a) The Local Authority (LA) is responsible for:

- 1) Promoting co-operation between relevant partners regarding supporting pupils with medical conditions.
- 2) Providing support, advice /guidance and training to schools and their staff to ensure Individual Healthcare Plans (IHP) are effectively delivered.
- 3) Working with schools to ensure pupils attend full-time or make alternative arrangements for the education of pupils who need to be out of school for fifteen days or more due to a health need and who otherwise would not receive a suitable education.

b) The Governing Body of Cookham Dean Primary School is responsible for:

- 1) Ensuring arrangements are in place to support pupils with medical conditions.
- 2) Ensuring the policy is developed collaboratively across services, clearly identifies roles and responsibilities and is implemented effectively.
- 3) Ensuring that the Supporting Pupils with Medical Conditions Policy does not discriminate on any grounds: ethnicity/nationality/ origin, religion or belief, gender or disability.
- 4) Ensuring the policy covers arrangements for pupils who are competent to manage their own health needs.
- 5) Ensuring that all pupils with medical conditions are able to play a full and active role in all aspects of school life, participate in school visits / trips/ sporting activities, remain healthy and achieve their academic potential.
- 6) Ensuring that relevant training is delivered to a sufficient number of staff who will have responsibility to support children with medical conditions and that they are signed off as competent to do so. Staff to have access to information, resources and materials.
- 7) Ensuring written records are kept of medicines administered to pupils.
- 8) Ensuring the policy sets out procedures in place for emergency situations.
- 9) Handling complaints regarding this policy as outlined in the school's Complaints Policy.

c) The Headteacher is responsible for:

- 1) Ensuring the policy is developed effectively with partner agencies and then making staff aware of this policy.
- 2) The day-to-day implementation and management of the Supporting Pupils with Medical Conditions Policy and Procedures of Cookham Dean CE Primary School.
- 3) Liaising with healthcare professionals regarding the training required for staff.
- 4) Identifying staff who need to be aware of a child's medical condition.
- 5) Developing Individual Healthcare Plans (IHPs) where appropriate.
- 6) Ensuring a sufficient number of trained members of staff are available to implement the policy and deliver IHPs in normal, contingency and emergency situations.
- 7) If necessary, facilitating the recruitment of staff for the purpose of delivering the promises made in this policy. Ensuring more than one staff member is identified, to cover holidays / absences and emergencies.
- 8) Continuous two way liaison with the team of school nurses and school in the case of any child who has or develops an identified medical condition.
- 9) Ensuring confidentiality and data protection.
- 10) Assigning appropriate accommodation for medical treatment/care.
- 11) Purchase of a defibrillator and staff training.

d) Staff members are responsible for:

- 1) Taking appropriate steps to support children with medical conditions and familiarising themselves with procedures which detail how to respond when they become aware that a pupil with a medical condition needs help.
- 2) Knowing where controlled drugs are stored and where the key is held.
- 3) Taking account of the needs of pupils with medical conditions in lessons.
- 4) Undertaking training to achieve the necessary competency for supporting pupils with medical conditions,
- 5) Allowing inhalers, adrenalin pens and blood glucose testers to be held in an accessible location, following DfE guidance.

e) Team of School nurses are responsible for:

- 1) Collaborating and developing an IHP in anticipation of a child with a medical condition starting school.
- 2) Notifying the school when a child has been identified as requiring support in school due to a medical condition at any time in their school career.
- 3) Supporting staff to implement an IHP and then participate in regular reviews of the IHP.
- 4) Giving advice and liaison on training needs and assisting the Headteacher in identifying training needs and providers of training.
- 5) Liaising locally with lead clinicians on appropriate support.

f) Parents and carers are responsible for:

- 1) Keeping the school informed about any new medical condition or changes to their child/children's health.
- 2) Participating in the development and regular reviews of their child's IHP.
- 3) Completing a parental consent form to administer medicine or treatment before bringing medication into school.
- 4) Providing the school with the medication their child requires and keeping it up to date including collecting leftover medicine.
- 5) Carrying out actions assigned to them in the IHP with particular emphasis on they, or a nominated adult, being contactable at all times.

g) Pupils are responsible for:

- 1) Providing information on how their medical condition affects them.
- 2) Contributing to their IHP
- 3) Complying with the IHP and self-managing their medication or health needs including carrying medicines or devices, if judged competent to do so by a healthcare professional and agreed by parents.

2) Training of staff

- a) Newly appointed teachers, supply staff and support staff will receive training on the 'Supporting Pupils with Medical Conditions' Policy as part of their induction.
- b) No staff member may administer prescription medicines or undertake any healthcare procedures without undergoing training specific to the condition and signed off as competent.

- c) School will keep a record of medical conditions supported, training undertaken and a list of teachers qualified to undertake responsibilities under this policy.

3) Medical conditions register /list

- a) Schools admissions forms should request information on pre-existing medical conditions. Parents must have easy pathway to inform school at any point in the school year if a condition develops or is diagnosed. Consideration could be given to seeking consent from GPs to have input into the IHP and also to share information for recording attendance.
- b) A medical conditions list or register is kept and reviewed annually by a nominated member of staff. This list is updated as and when necessary. Each class teacher should have an overview of the list for the pupils in their care, within easy access.
- c) Supply staff and support staff should similarly have access on a need to know basis. Parents should be assured data sharing principles are adhered to.
- d) For pupils on the medical conditions list key stage transition points meetings should take place in advance of transferring to enable parents, school and health professionals to prepare IHP and train staff if appropriate.

4) Individual Healthcare Plans (IHPs)

- a) Where necessary (Headteachers will make the final decision) an Individual Healthcare Plan (IHP) will be developed in collaboration with the pupil, parents/carers, Headteacher, Special Educational Needs Coordinator (SENCO) and medical professionals.
- b) IHPs will be easily accessible to all relevant staff - but a master copy will be kept in the main office - including supply/agency staff, whilst preserving confidentiality. Staffrooms are inappropriate locations under Information Commissioner's Office (ICO) advice for displaying IHP as visitors /parent helpers etc. may enter. If consent is sought from parents a photo and instructions may be displayed. More discreet location for storage such as Intranet or locked file is more appropriate. ***However, in the case of conditions with potential life-threatening implications the information should be available clearly and accessible to everyone.***
- c) IHPs will be reviewed at least annually or when a child's medical circumstances change, whichever is sooner.
- d) Where a pupil has an Education, Health and Care plan or special needs statement, the IHP will be linked to it or become part of it.
- e) Where a child is returning from a period of hospital education or alternative provision or home tuition, collaboration between the LA /AP provider and school is needed to ensure that the IHP identifies the support the child needs to reintegrate.

6) Medicines

- a) Where possible, unless advised it would be detrimental to health, medicines should be prescribed in frequencies that allow the pupil to take them outside of school hours.
- b) If this is not possible, prior to staff members administering any medication, the parents/carers of the child must complete and sign a medication request form for each day medication is need, unless on a course of antibiotics. The form can be found on the website under policies. This should be brought in with the medicine to the school office.
- c) No child will be given any prescription or non-prescription medicines without written parental consent.

- d) No child under 16 years of age will be given medication containing aspirin without a doctor's prescription.
- e) Medicines MUST be in date, labelled, and provided in the original container (except in the case of insulin which may come in a pen or pump) with dosage instructions. Medicines which do not meet these criteria will not be administered.
- f) For prescribed medication, parents need to fill in a form just once and this will be kept on file until the course has finished. The form will then be shredded.
- g) For children requiring non-prescription medication the school would prefer that these were not brought into school. If a parent believes that some form of medication eg calpol is necessary because they are well enough to be at school then a form will need to be filled in every day.
- h) Schools should otherwise keep controlled drugs that have been prescribed for a pupil securely stored in a non-portable container and only named staff should have access. Controlled drugs should be easily accessible in an emergency.
- i) Medications will be stored in the School Office.
- j) Any medications left over at the end of the course should be collected by the parent or this will be safely disposed of by the school within 24 hours.
- k) Written records will be kept of any medication administered to children.
- l) Pupils will never be prevented from accessing their medication.
- m) General posters about medical conditions (diabetes, asthma, epilepsy etc.) are visible in the staff room
- n) Cookham Dean Primary School cannot be held responsible for side effects that occur when medication is taken correctly.
- o) Staff will not force a pupil, if the pupil refuses to comply with their health procedure, and the resulting actions will be clearly written into the IHP which will include informing parents.

7) Emergencies

- a) Medical emergencies will be dealt with under the school's emergency procedures which will be communicated to all relevant staff so they are aware of signs and symptoms.
- b) Pupils will be informed in general terms of what to do in an emergency such as telling a teacher.
- c) If a pupil needs to be taken to hospital, a member of staff will remain with the child until their parents arrive.

8) Day trips, residential visits and sporting activities

- a) Unambiguous arrangements should be made and be flexible enough to ensure pupils with medical conditions can participate in school trips, residential stays, sports activities and not prevent them from doing so unless a clinician states it is not possible.
- b) To comply with best practice risk assessments should be undertaken, in line with H&S executive guidance on school trips, in order to plan for including pupils with medical conditions. Consultation with parents, healthcare professionals etc. on trips and visits will be separate to the normal day to day IHP requirements for the school day.

9) Avoiding unacceptable practice

The following behaviour is unacceptable at Cookham Dean Primary School:

- a) Preventing children from easily accessing their inhalers and medication and administering their medication when and where necessary.
- b) Assuming that pupils with the same condition require the same treatment.
- c) Ignoring the views of the pupil and/or their parents or ignoring medical evidence or opinion.

- d) Sending pupils home frequently or preventing them from taking part in activities at school
- e) Sending the pupil to the medical room or school office alone or with an unsuitable escort if they become ill.
- f) Penalising pupils with medical conditions for their attendance record where the absences relate to their condition.
- g) Making parents feel obliged or forcing parents to attend school to administer medication or provide medical support, including toilet issues.
- h) Creating barriers to children participating in school life, including school trips.
- i) Refusing to allow pupils to eat, drink or use the toilet when they need to in order to manage their condition.

10) Insurance

- a) Teachers who undertake responsibilities within this policy will be assured by the Headteacher that they are covered by the LA/school's insurance.
- b) Full written insurance policy documents are available to be viewed by members of staff who are providing support to pupils with medical conditions. Those who wish to see the documents should contact the Head.

12) Complaints

- a) All complaints should be raised with the school in the first instance.
- b) The details of how to make a formal complaint can be found in the School Complaints Policy.

13) Definitions

- a) 'Parent(s)' is a wide reference not only to a pupil's birth parents but to adoptive, step and foster parents, or other persons who have parental responsibility for, or who have care of, a pupil.
- b) 'Medical condition' for these purposes is either a physical or mental health medical condition as diagnosed by a healthcare professional which results in the child or young person requiring special adjustments for the school day, either ongoing or intermittently. This includes; a chronic or short-term condition, a long-term health need or disability, an illness, injury or recovery from treatment or surgery. *Being 'unwell' and common childhood diseases are not covered.*
- c) 'Medication' is defined as any prescribed or over the counter treatment.
- d) 'Prescription medication' is defined as any drug or device prescribed by a doctor, prescribing nurse or dentist and dispensed by a pharmacist with instructions for administration, dose and storage.
- e) A 'staff member' is defined as any member of staff employed at Cookham Dean Primary School.
